BBC - Ethics - Animal ethics: Animal welfare legislation

Animal law refers to the body of legislation, regulations and case law concerning the welfare and protection of animals. Animal law crosses many different legal disciplines, including tort (veterinary negligence), crime (animal cruelty and neglect) and public law (scrutinising the impact of Governmental decisions on animal welfare), but it has in common an intention to protect animal interests.

A-law – UK Centre for Animal Law

The most detailed and authoritative treatment of the current state of animal welfare law in Britain to date. This book provides a full analysis of the substantive law, considers its objectives, application and effectiveness, the background to the current debate and the arguments for and against further reform.

Animal Welfare Law in Britain - Mike Radford - Oxford ...

80 percent of current animal welfare legislation comes from EU law (with over 40 animal welfare laws) EU animal welfare laws cover four key areas - there are 17 laws relevant to farm animals, 11 laws for wildlife, eight laws covering animals used in research, and four laws about companion animals. Current EU law, known as the Lisbon Treaty (a binding agreement between EU member countries), recognises animals as sentient beings, this means they're understood as having the capacity to feel ...
