Author of the acclaimed Jung and the Alchemical Imagination, Jeffrey Raff continues his teachings in psychoidal alchemy with an in-depth look at the feminine aspect of the divine. Sophia is, in the esoteric teachings, the embodiment of Wisdom, the matrix from which God arose, and God's heavenly consort and mirror. But, as Raff explains, she suffered a fall from this exalted state, corresponding to the obscuration of the feminine archetype in the patriarchal world. Without Sophia, God is not whole. It is our task to work with imagination to reunite Sophia and God. Raff explains the difference between fantasy, a product of the ego, and imagination, which comes from the soul. More importantly, he brings

Sophia to life through a vivid analysis of an 800-year-old text, *The Aurora Consurgens*, as well as his personal experience with Sophia and active imagination. This process empowers us to become whole and realize our innate drive to unite with the divine.

Breakfast at Küsnacht: Conversations on C.G. Jung and Beyond comprises a series of interviews with 10 Jungians and a special guest, Susie Orbach, feminist and relational psychotherapist. Each interview begins by asking them about the central steps of their intellectual biography/journey and which authors (or research areas) they consider essential for their own development and work (also beyond psychoanalysis). Therefore, when interviewing the Jungians, three basic questions were asked: (1) Who is Jung? Or, who is your Jung? (2) What is Jung's relevance today? (3) What are dreams? These questions preceded a look into their own work and contributions. Themes contained within the book include: C.G. Jung's work and his validity today; HIV and AIDS; Anima/Animus and Homosexuality; Alchemy; Dreams; Marie-Louise von Franz; Wolfgang Giegerich and Hegel; Otto Gross, the Personal and the Political; Individuation; Painting, Drawing and the Unconscious; the Red Book; Relational Psychoanalysis; Women, Feminism, Love and Revolution; The application of the I-Ching in therapy; Becoming and Analyst.

Beginning with Jung's earliest correspondence to associates of the psychoanalytic period and ending shortly before his death, the 935 letters selected for these two volumes offer a running commentary on his creativity. The recipients of the letters include Mircea Eliade, Sigmund Freud, Esther Harding, James Joyce, Karl Kernyi, Erich Neumann, Maud Oakes, Herbert Read, Upton Sinclair, and Father Victor White.

The only high-quality yet affordable edition available of the classic alchemical manuscript *Splendor Solis*, described as "the most magnificent treatise on alchemy ever made". Includes up-to-date commentary from experts in the field and a modern translation of the 16th-century text. A magnificent edition of the *Splendor Solis* for all those interested in alchemy, magic and mysterious manuscripts. Popularly attributed to the legendary figure Salomon Trismosin, the *Splendor Solis* ('Splendour of the Sun') is the most beautiful alchemical manuscript ever made, with 22 fabulous illustrations rich in allegorical and mystical symbolism. The paintings are given a fitting showcase in this new Watkins edition, which accompanies them with Joscelyn Godwin's excellent contemporary translation of the original 16th-century German text, as well as interpretation from alchemical experts Stephen Skinner and Georgiana Hedesan, and from Rafal T. Prinke, an authority in central and Eastern European esoteric manuscripts. Stephen Skinner explains the symbolism of both the text and the illustrations, suggesting that together they describe the physical process of the alchemical transmutation of base metal into gold. Rafal T. Prinke explains the theories about the authorship of both text and illustrations, discussing *Splendor Solis* as the turning point in alchemical iconography passing from the medieval tradition to that of the Baroque and the reasons for the misattribution of *Splendor Solis* to Poysel and Trismosin. Georgiana Hedesan looks at the legendary figure of Salomon Trismosin and his creation by followers of Theophrastus Paracelsus as part of an attempt to integrate their master in a lineage of ancient alchemical philosophers. The images are taken from the British Library manuscript Harley 3469, the finest example of the *Splendor Solis* to survive.

Primitive man's discovery of the ability to change matter from one state to another brought about a profound change in spiritual behavior. In *The Forge and the Crucible*, Mircea Eliade follows the ritualistic adventures of these ancient societies, adventures rooted in the people's awareness of an awesome new power. The new edition of *The Forge and the Crucible* contains an updated appendix, in which Eliade lists works on Chinese alchemy published in the past few years. He also discusses the
