Introducing thirteen basic chess tactics in a variety of frequently encountered positional patterns.

Susan Polgar became the first female Grandmaster at age 15—and it wasn't luck that got her there. Her use of tactics, combinations, and strategy during her games gave her the critical advantage she needed against her opponents. InChess Tactics for Champions, Polgar gives insight into the kind of thinking that chess champions rely on while playing the game, specifically the ability to recognize patterns and combinations. With coauthor Paul Truong, Susan Polgar teaches the tactics she learned from her father, Laszlo Polgar, one of the world's best chess coaches. • Teaches players how to calculate the effect of a move in order to gain an edge over an opponent • For intermediate to advanced chess players of all ages

This comprehensive book describes and analyses the intriguing array of tactics available to every chess player. With the help of progressively more difficult exercises and problems, Paul Littlewood shows the reader how to deploy a variety of tactics for attack and how to defend against each type of tactic successfully. Armed with this guide, players of all abilities, from the beginner to the experienced player, will find that they can significantly raise the level of their game.

International Master, Dean Ippolito has been one of the foremost and recognizable chess players in the United States for over a decade. He has been interviewed on several different television programs both here and abroad including Inside Edition. At the age of eleven, he was featured in Sports Illustrated and Boys Life after winning several National Titles. Both articles labeled him as "One of the Nation's Top Rising Chess Stars." Dean has been a 10 time All-America team Member and has 11 National Championships to his name. Dean's chess teaching skills are highly regarded. He has taught three of the youngest National Champions in history and has taught more than 20 nationally ranked students. This workbook is based on his lesson plans and is a great tool not only for the player looking to improve, but also for teachers and coaches.

The best advice for chess players who want to improve quickly is: get better at tactics! Simply because the vast majority of amateur games is decided through tactics you will immediately start beating more opponents when you improve your tactical skills. Experienced Russian Grandmaster Jakov Neishtadt has selected those examples from the games of masters that have the biggest instructional value for club players. In the first part of the book Neishtadt teaches a systematic course on the most important tactical themes. The second part consist of an exam with hundreds of tests from real-life chess, in random order so as not to give unwelcome hints on how to solve them. The solutions are not just lists of moves, but include instructive prose.

If only real life were like a book on chess tactics! But during a game you are on your own, and nobody will whisper in your ear that you have reached a position that is, in fact, a tactical puzzle and all you have to do is solve it. What you need, discovered Emmanuel Neiman in his long career as a chess trainer, is a way to read the signals which indicate that, somewhere in the position you are looking at, there is a tactical blow. What you need is a Chess Tactics Antenna! This trailblazing book by award-winning author Neiman provides a set of tools that enables the average club player to determine the moment he needs to look for win.
