For the past four decades
this highly effective method
of evangelism has been
vastly overlooked. As a
result, large segments of
the population have remained
unreached. No single church
can meet every person's
needs; that's why planting
new churches--ones that will
meet the needs of specific
groups--is so necessary.
Now, after ten years of
research and teaching on the
subject, C. Peter Wagner
shares his knowledge and
insight in this

comprehensive guide on how to plant a church. It's an up-to-date textbook on church planting and a helpful summary of church growth principles in general. Church Planting for a Greater Harvest contains everything Wagner taught in his highly successful "How to Plant a Church" seminar--a presentation that was offered sixteen times and drew 5,000 participants! Today, as we see a renewed interest in church planting, the Lord is blessing the efforts of church planters everywhere. The future can be an exciting time of growth for churches. what could be the greatest era of harvest the world has ever seen!

How does a Christian lead? By following today's secular business models, or by simply studying the life of Christ and pursuing a servant-based style? In this insightful, practical book, George Barna has pulled together some of today's top Christian leaders to talk about the subject of Christian leadership. Articles include: The Tasks of a Leader by Ken Gangel, The Character of a Leader by Jack Hayford, Prayer in Leading People by Peter Wagner, and much more. See

what today's leaders have to say about leadership, and learn what it takes to serve the Church as a Christ-centered change agent.

Can you imagine what it would be like not to have any memory of your first ten years of life?

Jake Howard knows how that feels. He's a successful psychiatrist and writer. He has an apparently adoring lover and the respect of his peers. But he also has a

huge gap where his childhood memories should be. What's more, Jake is tormented by the worst kind of nightmares. Nightmares he's not even sure are his.

Tormented by dreams and visions that threaten his sanity, he must find their source in order to understand and banish them.

His hunt will take him to a run-down seaside town, to the place where he was raised and also forty years back in time, to what he must confront to release himself from the grip of the visions and also to discover the hidden memories.

However, he will discover things about himself he did not dare imagine. Things he really didn't want to know.

And he will also discover that not everyone is what they appear to be. Those revelations will expose a darkness and horror that no one should have to confront.

Sometimes a lie is preferable.

Some truth is best left undiscovered...

her. After losing her husband in Afghanistan during the first year of Operation Enduring Freedom, her two sons were all she had left. Now they had been taken from her violently, deliberately, plunging her into a whiskey bottle and stripping away her reason for living. When Arthur Nakai receives a call from his first love, Margaret, her voice pleading for his help, it comes as he is attending a wake for one of the men he considered a brother from his days in the Marines 6th LAR Wolf Pack Battalion. Feeling a deep and responsible obligation to help her, Arthur soon

finds himself involved in the multi-billion-dollar world of the oil and gas industry and coming face-to-face with an old adversary, Elias Dayton. Their paths had crossed when Arthur was a member of the Shadow Wolves, an elite tactical unit within US Customs and Border Protection. Now Dayton runs Patriot Security, a Blackwater-type firm that keeps the oil rigs, gas wells, and man camps secure from the Water Protectors, protesters pushing to stop the fracking and poisoning of Native lands. As Arthur works through the case from his end, Navajo police chief

Jake Bilagody tackles it from another angle, looking into the strained relationship between the oil company and the Navajo people, all while searching for a missing Navajo man that may have become an unwilling piece on the reservation checkerboard. But when Arthur learns the identity of the boys' killer, he struggles to make sense of it. Because if the clues are right, he will be forced to make a decision that will haunt him for the rest of his life.

In the remote forests of Stillwater, Minnesota, you can scream for days and no one will hear you. So when the bodies of two fifteen-year-old girls are discovered frozen in the snow, Special Agent Nikki Hunt is sure the killer is local: someone knew where to hide the girls and thought they would never be found. Though Nikki hasn't been home in twenty years, she knows she must take over the case. The

Sheriff's department in Stillwater has already made a mistake by connecting the girls' murders to those of a famous serial killer, refusing to consider the idea that the killer could be someone from town. Then another girl's body is found, a red silk ribbon tied in her hair, and Nikki realizes that the killer has a connection to her own dark past, and the reason she left Stillwater. Nikki is not the only person in town who wants those secrets to stay hidden. Will she be able to face her demons before another child is taken? Gripping and spine-chilling, *The Girls in the*

With her visa clock ticking, surely she can fall in love with an Australian—and get hitched—in two months. Especially if he's as hot and funny as her next-door neighbor... Jace Walters has never wanted much—except a bathroom he didn't have to share. The last cookie all to himself. And solitude. But when you grow up in a family of seven, you can kiss those things goodbye. He's finally living alone and working on his syndicated comic strip in

Except now she's determined to find her perfect match by checking out every eligible male in the town, and her choices are even more distracting. So why does it suddenly feel like he—and his obnoxious tight-knit family, and even these two wayward dogs—could be exactly what she needs? Each book in the Patterson's Bluff series is STANDALONE:
