~~Conducting Research Literature Reviews: From the Internet ...~~

A literature review usually takes the form of a critical discussion that shows insight into the theories being discussed in publications with a clear link to the purpose of your question or research. The structure of the literature review depends on the aims and purpose of your work. Generally, you should group together your work in key themes, with each one explicitly linked to your research topic. Beginning a literature review can be a bit overwhelming. The best place to start is with your ...
