The Denon POA 2400a amp was made during Japans golden hi-fi period in the 80's. There are many excellent amplifiers by different Japanese manufacturers from this period that are still highly sought after in the vintage collector market and this amp is no exception. The Denon POA 2400a has an incredibly open soundstage with a great sense of ...

Denon POA 2400 Amplifiers user reviews : 5 out of 5 - 20 ...

Turns out it had a Denon pre and power amp PRA-1500 and POA-800 which both hailed from the early 90's. I packed a box for the power amp and wished for the best, I took the preamp in a small suitcase onboard and dragged them back to Australia. Which I got them home I gave the pre a quick check with headphones and then popped them in a box.

Denon POA-800 Power Amplifier | eBay

In year 1991 Denon introduced a great multi-channel (6CH) power amplifier Denon POA-5000. At that time, it was a state of art amplifier, which utilized the newly developed technology called the New Optical Class A. Obviously the gear was made in Japan and was in production until the year 1996. The matching preamplifier is called AVR-5000.
