William W. Wilmot  
designed to be a new edition of Wilmot's well-respected DYADIC COMMUNICATION (1987), this entirely new, highly original work is aimed at second-level courses in interpersonal communication. Written by one of the discipline's top scholars, it features Wilmot's own cutting edge research and insights, as well as a very thorough and up-to-date literature review of ot.

Initially designed to be a new edition of Wilmot's well-respected DYADIC COMMUNICATION, this is actually an entirely new, highly original work

# Online Library Dyadic Communication Wilmot

aimed at second-level courses in interpersonal communication. Written by one of the discipline's top scholars, it features Wilmot's own cutting edge research and insights, as well as a very thorough and up-to-date literature review of the other top scholarship in the field and from other relevant disciplines such as psychology. The new title, RELATIONAL COMMUNICATION, reflects the book's new emphasis on relationships--currently the hottest area of interpersonal communication research. It also highlights its strong organizational framework, in which the relational perspective permeates every chapter, from the discussion of relationships as mini-cultures in Ch 1 to the self and other "in relation" (Ch 2), and to the ebbs and flows of relationships (Ch 3). The second half

# Online Library Dyadic Communication Wilmot

focuses on the effects of communication in enhancing (Ch 4) and constricting (Ch 5) relationships, as well as healing, reconnecting and building community (Ch 6).

A collection of 17 essays on the little known thinker Eugen Rosenstock-Huessy, one of the first academics to resign his post in Germany when Hitler came to power.

Now in its eighth edition, *Thinking Through Communication* provides a balanced introduction to the fundamental theories and principles of communication. It explores communication in a variety of contexts—from interpersonal to group to mass media—and can be used in both theory and skills-based courses. With a dynamic approach, *Trenholm*

# Online Library Dyadic Communication Wilmot

helps students to develop a better understanding of communication as a field of study, as well as its practical applications. This edition devotes attention to how new technologies are changing the ways we think about communication, with revised chapters on both traditional and social media.

Klaus Krippendorff is an influential figure in communication studies widely known for his award-winning book *Content Analysis*. Over the years, Krippendorff has made important contributions to the ongoing debates on fundamental issues concerning communication theory, epistemology, methods of research, critical scholarship, second-order cybernetics, the social construction of reality through language, design, and meaning. *On Communicating*

# Online Library Dyadic Communication Wilmot

assembles Krippendorff's most significant writings – many of which are virtually unavailable today, appearing in less accessible publications, conference proceedings, out-of-print book chapters, and articles in journals outside the communication field. In their totality, they provide a goldmine for communication students and scholars. Edited and with an introduction by Fernando Bermejo, this book provides readers with access to Krippendorff's key works.

What makes good sermons? And how do they come to be? Appropriating insights from the history of rhetoric and modern communications theory, Robin

## Online Library Dyadic Communication Wilmot

Wilmot Wilmot  
Meyers proposes that truly effective sermons involve more than moralistic proselytizing or three points and a joke. Rather, the preacher must enter into dialogue--not only with Scripture and the congregation but creatively with him- or herself as well. This willingness to listen to one's own sermon, this willingness to be freshly persuaded, will help enable the preacher to communicate with greater passion, insight, poetry, and clarity.

Star Trek: The Next Generation blended speculative science fiction and space opera in its portrayal of communication. Multiple modes of communication used between characters are presented and the multilevel tapestry of communication in the series is critical in its appeal. This book proposes that these patterns of

# Online Library Dyadic Communication Wilmot

communication reveal a foundational philosophy of Star Trek (while enticing millions of viewers). These patterns serve both to cause strong empathetic connections with characters and to impel viewers to form relationships with the show, explaining their extreme devotion.
