This book explains econometric principles well, direct and clear illustration so that for Non-Economics reader like me would be easy to grasp the methods in econometrics subject. Well, I realize that this textbook might not sufficient enough for advanced econometric level (like Verbeek, 2012; Greene, 2011, etc).

Edition by Hill, R ...

Not for beginners, principles of econometrics  
is a well formed book detailing all the  
process needed for econometrics at an  
intermediate level. From an excellent  
introduction and brief overview of data  
collection and finding basic statistics  
through creating models for multiple  
regression and testing these thoroughly -  
this book has all you need.
