Book Description: Manufacturing Databases and Computer

Integrated Systems is the first book to probe the problems and solutions presented by the diversity of databases within the manufacturing industry. The author examines these heterogeneous databases at both the macro (national/international) level and micro (intracompany and intercompany) level.

Manufacturing Systems
Integration Program, NIST 2008
Computer-integrated
manufacturing (CIM) is the
manufacturing approach of using
computers to control entire
production process. This
integration allows individual
processes to exchange
information with each part.
