Children's book of the week: Good Knight, Bad Knight and ...
We had the best time learning about the principles of flight and (attempting) to build a flying machine out of household items! After watching "Twas the Night Before Liftoff", we learned about lift, weight, thrust, and drag and were determined to hold a little flying machine STEM challenge in our house.

The flying machine book : build and launch 35 rockets ...

One of the first modern gliders was built by John J.

Montgomery in 1883; Montgomery later claimed to have
made a single successful flight with it in 1884 near San Diego
and Montgomery's activities were documented by Chanute in
his book Progress in Flying Machines. Montgomery discussed
his flying during the 1893 Aeronautical Conference in Chicago
and Chanute published Montgomery's comments in
December 1893 in the American Engineer & Railroad Journal.
