Volvo 240. For model year 1983, the emblem at
the rear of all 240 models was changed. No
longer did it say 242, 244 or 245. The badge
just said 240, as part of a new designation
strategy. In reality, however, msot people
continued to refer to their cars as a 244 or
245. This change did not mean any large-scale
modification to the cars.
